

Sponsorship Agreement

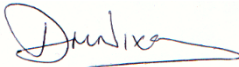

The Wear Rivers Trust is a member of the national Association of Rivers Trusts and has good standing with a wide range of community, statutory, charitable, corporate and environmental partners.

The maintenance of the Trust's corporate and public reputation is critical to the fulfilment of our mission to protect and restore the rivers network throughout the Wear catchment for the benefit of the public and nature.

The Wear Rivers Trust asks that its corporate supporters promise to:

- not bring The Wear Rivers Trust into disrepute by its own actions or by association with other organisations.
- act in an ethical manner in respect to environmental issues
- use the WRT name and logo only with express prior written permission
- agree that the WRT can end a company's sponsorship without notice if it deems a company has breached this agreement.

It is important that all corporate supporters have the confidence that their own reputations will not be harmed through association with the Wear Rivers Trust, and that the Trust undertakes to take all necessary steps to maintain that position.

Signed 

Darron Nixon
Trustee /Director of the Wear Rivers Trust

I agree to the terms of the sponsorship and am authorised by my organisation to make this undertaking.
